Dear Totem Towing,

I am writing to say a huge and heartfelt THANK YOU for taking part in the 2019 Tour de Rock and for so generously supporting the Canadian Cancer Society through Cops for Cancer. When a child is diagnosed with cancer, they don't have a choice. But you had a choice; you chose to make a difference.

I am so proud to share with you that together, we raised an incredible \$1.13 million dollars in support of pediatric cancer research and support programs like Camp Goodtimes!

From the bottom of our hearts, thank you. Your commitment to Tour de Rock allows us to continue to be the largest funder of childhood cancer research and support programs across Canada. You have made possible research that focuses on not just surviving cancer but thriving after cancer; better treatments, living a high quality of life after cancer, and preventing cancer before a diagnosis. None of this would be possible without people like you! You have also helped send thousands of children with cancer to Camp Goodtimes, where they can just be kids. Any description of the impact you've had would therefore be incomplete without sharing the gratitude of the families who have been able to experience the magic of Camp Goodtimes. Below is a testimonial from one of the families able to attend Family Camp this summer because of your commitment to this cause:

"We had a wonderful time at Camp Goodtimes as a family. It was great to see our son, who is still in active treatment, have so much fun, try new things, feel brave and make new friends. Camp was such an amazing gift to us as a family! Thank you!"

On behalf of the kids and their families that you have directly helped, **thank you so very much for investing in a future where no child fears cancer**. Every cent makes a difference. Every cent will help a child with cancer. Our work is not done yet, but we are so grateful that you share our belief that life is truly bigger than cancer. You truly are making a difference and for that we are deeply grateful.

With thanks,

-Tiffany
